LOYAL TO THE QUEEN.

But One Party of Hawaiians, Says Davies.

VICTORIA, Oct. 15.—Theophilus H. Davies, guardian of the Hawaiian Princess Kaiulani, is here awaiting the sailing of the steamer Miowera, on which he returns to Honolulu.

It was Davies who organized the party accompanying the Princess to Washington when she went to state her case to President Cleveland.

An interesting event in Kaiulani's life occurs to-morrow, when she attains her majority. The Princess will winter at Wiesbaden.

Speaking about her and her plans Davies said:

"There has been a great deal said and telegraphed about the position the Princess bears toward the Queen. They talk about the Princess being willing to take the throne. Now, the position is simply this, that the Princess is perfectly loyal to the Queen, and there can be no question of her taking the throne during the life of the Queen, except at the Queen's request, so all this talk to the contrary is entirely unfounded. It is a question that never has arisen and can never rise. She has never had such ideas, as far as I know, and I certainly never had any idea that she would do anything but carry out the Queen's wishes.

"She has been represented as heading some other party. There is only one party of Hawaii and that is represented by the Queen, and the Princess, as her heiress. The Princess went to Washington, not in her own interests, but in those of the Hawaiian throne and nation."

As to the future of the nation, so far as the United States is concerned, Davies is of the opinion that Cleveland will refuse either to annex or protect Hawaii unless satisfied that the nation wants it. Every official of the United States Government with whom Davies had dealings has inspired him with the belief that justice is intended toward Hawaii.

VOTE TO BE TAKEN.

Reported That Blount Recommends Reference to the People.

A Washington despatch of October 19 says:

The navy of the United States has never yet been used to place kings or queens on their thrones, yet, unless the administration Democrats are ill advised, it is the purpose of President Cleveland that the marines of the United States shall be ordered in certain contingencies to place Queen Liliuokalani upon the throne of the Hawaiian Islands. "Paramount Blount" of Georgia is said to have made the recommendation that the question of restoration shall be submitted to the suffrages of the kanakas, coolies and all the rest, and those who are familiar with Hawaiian matters say that means a restoration of the monarchy.

Testimonial to Captain Ward.

By the City of New York, which arrived from China at San Francisco on Oct. 15th, a letter was received, being a copy of a testimonial presented to Captain Ward of the steamer China at Yokohama by the passengers of that vessel on her last trip from San Francisco.

"The cabin passengers of the Pacific Mail steamer China wishing to commemorate Captain Ward's first voyage as commander of this steamer hereby congratulate him upon his success in navigating his vessel, and for his uniform courtesy in looking after the comfort of his passengers."

Hood's Cures.

In saying that Hood's Sarsaparilla cures, its proprietors make no idle or extravagant claim. Statements from thousands of reliable people of what Hood's Sarsaparilla has done for them, conclusively prove the fact—Hood's Sarsaparilla Cures.

Hood's Pills act especially upon the liver, rousing it from torpidity to its natural duties, cure constipation and assist digestion.
